

36 cores fiber terminal box

Quick Details

Place of Origin: Shenzhen, China (Mainland);

Brand Name: OPTICO;

Model Number: 36 cores fiber optic termination box;

Product name: 36 cores fiber optic termination box;

Accessories: plc splitter/adapter/pigtail;

Material: PC+ABS;

MOQ: 100 PCS;

weight: 1.5kg;

Application: FTTH FTTB FTTX Network;

Operating Temperature(°C): -40~+80;

Fiber counts: 8,12,16,24,36,48 core;

Lead time: 7~12 working days after deposit;

Packaging Details: 36 core fiber optic termination box by plastic cover 1pcs/inner box, 10 pcs/carton;

Each carton weight : 12kg;

Carton Size : 52*33*59cm;

36 cores fiber terminal box

Product Description

1.Description:

FTTH fiber optical terminal box, outdoor fiber optic termination box is used in wiring connection between optical cable and optical communication equipment, through adapter in distribution box, optical fiber jumper leads optical signal, realize optical wiring function, and can meet the optical splitter placed to achieve spectral function.

2.Features:

PC material used ensures the body strong and light.

Waterproof design for outdoor use.
Made of Grade A PC alloy material, working life more than 20 years.
Drop resistance, ability to work under vertical pressure of 500N.
Easy installations: Ready for wall mount installation kits provided.
Adapter slots used, no screws and tools needed for installing adapters.
Ready for splitters: designed space for adding splitters.
Double-layer design for easier installation and maintenances:
Lower layer for splitters and over length fiber storage.
Upper layer for splicing, cross-connecting and fiber distribution.
Cable fixing units provided for fixing the outdoor optical cable.
Accommodates both cable glands as well as tie-wraps
It is good for storage of fixing cable achieves.
It is applicable for (indoor and outdoor) (pole-mounted, wall-mounted).
The splicing part is convenient for protection and maintenance engineering.
Adapter baseboard and optical installation box baseboard uses a rotary design.
Cable, pigtails, patch cord are running through own path without disturbing each other, cassette type SC adapter installation, easy maintenance.
Distribution panel can be flipped up, feeder cable can be placed in a cup-joint way, easy for maintenance and installation.

3.Specification:

Product Name	36 Cores Optical Distribution Box
Application	Wall-mounted indoor, Pole-mounted outdoor
Dimension (Length/Width/Height)	32*23.5*10cm
Weight	1.5kg
Product Function	It can internally installed 2pcs 1*8 or 1pcs 1*16 mini stainless steel tube optical splitter and 16pcs SC (or LC duplex) fiber optic adapter
Product Material	High quality PC alloy

4.Prameter :

The high strength plastic, anti-ultraviolet radiation and ultraviolet radiation resistant, resistant to rain;
For indoor and outdoor wall mounted or pole mounted.
Box of body use "lock type" structure: Box of body switching of simple, convenient, with a lock function
Material: PC material
Size: 32*23.5*10cm, 1.5kg
Lateral pressure-resistance: 500N
Shock-resistance: 750N
Type: lock type
Item: indoor and outdoor
Installation: pole-mounted wall-mounted
Protection grade: IP65
Adaptor type: SC/LC
Working temperature: -40 ~ +80°C

5.Application:

- Optical LAN & WAN & CATV
- FTTH project & FTTX Deployments
- Broadband High-bit rate data transmission
- Active device terminations
- Testing instruments
- Optical fiber communication networks
- PON Networks
- Optical Signal Distribution
